2027 Preceptors Conference

Two Contemporary Practice Updates

Teaching Responsible AI Use in Pharmacy Experiential Education and Best Practices for Implementing Current ACIP Recommendations

An Online CE Event for Pharmacists, Pharmacy Technicians, and Nurses

Saturday, January 16, 2027 - 8:50AM to 12:00PM

Program Chair: Tony Eid, BS, PharmD, REHS, BCMTM, CHC, APH, FACC, Associate Professor of Cardiology, Assistant Dean of Experiential Education, College of Pharmacy, CNU

See attached for Program Details | No Registration Fee

Teaching Responsible Use of AI in Pharmacy Experiential Education (90 minutes)

Target Audience: Pharmacists and Pharmacy Technicians

Instructor: Welly Mente, PharmD, FCSHP, Associate Professor of Clinical Sciences, Director of Faculty Council and Employee development, IPPE Director of Experiential Education, College of Pharmacy, CNU

Impact of Current Immunization Recommendations on Clinical Practice (90 minutes)

Target Audience: Pharmacists and Pharmacy Technicians, and Nurses

Instructor: Gordon C. Sproul, PharmD, BCPS, Clinical Coordination Pharmacist, Sutter Health System Office, Pharmacy, Sutter Valley Medical Foundation

California Northstate University, College of Pharmacy is accredited by the Accreditation Council of Pharmacy Education as a provider of continuing pharmacy education. California Northstate University, College of Pharmacy designates this activity for up to 0.3 CPE Credits. In accordance with the Accreditation Council for Continuing Pharmacy Education Standards for Commercial Support, all planners, teachers, and authors involved in the development of CPE content are required to disclose to the accredited provider their relevant financial relationships. Relevant financial relationships will be disclosed to the activity audience. See attached for program details.

California Northstate University, College of Health Sciences is approved by the California Board of Registered Nursing, Provider Number 17796, for one and one half (1.5) contact hours.

2027 Preceptors Conference

Invitation to Register

CE Credit offered for Pharmacists, Pharmacy Technicians, and Nurses

Title: Two Contemporary Practice Updates - Teaching Responsible AI Use in Pharmacy Experiential Education and Best Practices for Implementing Current ACIP Recommendations

Event Date: 01/16/27 **Time:** 8:50AM to 12:00 PM (Pacific Time)

No Registration Fee | Refund Policy

Register Here

Online Venue: Zoom access provided after registration. See link above.

Program Chair: Tony Eid, BS, PharmD, REHS, BCMTM, CHC, APH, FACC, Associate Professor of Cardiology, Assistant Dean of Experiential Education, College of Pharmacy, CNU

There are two workshops offered at this conference. See sign-in times below:

To attend both activities, arrive at 8:50AM. Or choose an activity that applies to you, and arrive five-ten minutes early:

- **Impact of Current Immunization Recommendations on Clinical Practice**
  - **Starts at 9:00AM/arrive at 8:50AM**
- **Teaching Responsible Use of AI in Pharmacy Experiential Education**
  - **Starts at 10:30AM/arrive at 10:20AM** ***(If you are just joining the conference for this activity, note you will join the end of the previous session – please stay muted.)***

To earn CE credit

- For the activities you wish to earn credit, attendance is required. Sign-in with the zoom registration link to join the meeting. Your zoom venue registration link is how we verify attendance.
- Complete the surveys or exercises for each activity you choose to attend for credit.
- Complete the Course Evaluation for each activity you choose to attend. Deadline to submit the Course Evaluation is **Monday, January 18, 2027 – NOON**.

Within seven to ten days, nurses will receive your CE via email. Pharmacists and Pharmacy Technicians will be notified that your CEs are posted and ready for you to claim. If you have any questions or require additional assistance, contact Joanna Jullien/joanna.Jullien@cnsu.edu /916-686-7891.

PROGRAM ITINERARY

8:50AM – 9:00AM
Sign in/Welcome/Overview

Tony Eid, BS, PharmD, REHS, BCMTM, CHC, APH, AACC, Associate Professor and Assistant Dean of Experiential Education, College of Pharmacy, CNU

9:00AM - 10:30AM
Title: Impact of Current Immunization Recommendations on Clinical Practice
Activity#: 0597-0000-26-009-L06-P | 0597-0000-26-009-L06-T **Activity Type:** Application
Target Audience: Pharmacists, Pharmacy Technicians, and Nurses
CE Credit: 0.15 CPE for Pharmacists and Pharmacy Technicians, and 1.5 CE hours for nurses

Instructor: Gordon C. Sproul, PharmD, BCPS, Clinical Coordination Pharmacist, Sutter Health System Office, Pharmacy, Sutter Valley Medical Foundation

Itinerary

9:00 - 9:05 Introduction and Pre-Activity Survey *(knowledge check before training)* (5 minutes)
9:05 - 10:15 Instruction/Presentation (70 minutes)
10:15 -10:25 Post-activity survey/Review correct answers (10 minutes)
10:25- 10:30 Discussion and Close/Course Evaluation (5 minutes)

Learning Objectives – Pharmacists, Pharmacy Technicians and Nurses

- Define current immunization schedules and recommendations across various medical associations including AAP, AAFP, and ACIP for pediatric, adolescent, adult, and special populations to ensure evidence-based vaccine administration decisions.
- Determine vaccine eligibility and appropriate immunization strategies by applying current recommendations for RSV, influenza, COVID-19, meningococcal, and other routinely recommended vaccines across diverse patient populations.
- Apply shared clinical decision-making recommendations and patient-centered communication techniques to address vaccine hesitancy, support informed consent, and improve vaccine acceptance.
- Integrate current immunization recommendations, regulatory requirements, and clinical decision-support tools into healthcare workflows and electronic health record (EHR) systems to promote safe, efficient, and guideline-concordant patient care.

(Continued)

Learning Objectives - Pharmacy Technicians

- **Recognize** recent changes in national immunization recommendations and vaccine schedules.
- **Differentiate** pharmacy technician responsibilities related to vaccine screening, documentation, inventory management, and immunization workflow support.
- **Implement** updated immunization processes that improve operational efficiency, compliance, and patient access to recommended vaccines.

***

10:30AM - 12:00PM

Title: Teaching Responsible Use of AI in Pharmacy Experiential Education

Activity#: 0597-0000-26-010-L04-P | 0597-0000-26-010-L04-T **Activity Type:** Application

Target Audience: Pharmacists, Pharmacy Technicians

CE Credit: 0.15 CPE for 1.5 hours of live instruction

Instructor: Welly Mente, PharmD, FCSHP, Associate Professor of Clinical Sciences, Director of Faculty Council and Employee development, IPPE Director of Experiential Education, College of Pharmacy, CNU

Itinerary

10:30 – 10:35 Pre-Activity Survey (knowledge check) (5 minutes**)**
10:35 – 10:55 Module 1: Foundations of AI in Pharmacy Education (20 minutes)
10:55 – 11:15 Module 2: Professional Responsibility, Policies, and Guardrails (20 minutes)
11:15 – 11:35 Module 3: Teaching Students to Use AI Responsibly (20 minutes)
11:35 – 11:45 Open Discussion (10 minutes)
11:45- 11:55 Post-Activity (knowledge check), review correct answers, Q&A (10 minutes)
11:55 -12:00 Close and Course Evaluation (5 minutes)

Learning Objectives (Pharmacists and Pharmacy Technicians)

- Describe the capabilities, limitations, risks, and appropriate uses of AI tools within pharmacy experiential education and pharmacy practice.
- Apply organizational AI-use policies, confidentiality requirements, and professional guardrails when teaching students to use AI.
- Demonstrate strategies for teaching students to verify AI-generated information using authoritative references, institutional resources, and healthcare team expertise.
- Differentiate between acceptable and unacceptable uses of AI in experiential learning activities through analysis of realistic pharmacy practice scenarios.
- Explain the importance of transparency, disclosure, independent judgment, and professional accountability when students use AI-assisted work products.

(Continued)

Learning Objectives (Pharmacists)

- Develop approaches for coaching students to integrate AI-generated information into clinical reasoning while maintaining independent professional judgment and responsibility for patient care decisions.
- Evaluate student performance using observable indicators of responsible AI use, including verification practices, transparency, ethical conduct, and clinical decision-making.

Learning Objectives (Pharmacy Technicians)

- Identify workflow, operational, data-quality, medication-use process, and safety considerations that should be taught to students when AI tools are used in pharmacy operations.
- Contribute to preceptor team assessment of students by recognizing appropriate AI use within pharmacy workflows and identifying operational or safety concerns requiring escalation

Accreditations and Approvals

California Northstate University, College of Pharmacy, is accredited by the Accreditation Council of Pharmacy Education as a provider of continuing pharmacy education. California Northstate University, College of Pharmacy designates this activity for up to 0.3 CPE Credits. In accordance with the Accreditation Council for Continuing Pharmacy Education Standards for Commercial Support, all planners, teachers, and authors involved in the development of CPE content are required to disclose to the accredited provider their relevant financial relationships. Relevant financial relationships will be disclosed to the activity audience. No commercial support was received for this activity.

California Northstate University, College of Health Sciences is approved by the California Board of Registered Nursing, Provider Number 17796, for one and one half (1.5) contact hours.
