

Faculty Positions in Medical Education: Biochemistry, Immunology, or Pharmacology

Basic Science Department – California Northstate

University College of Medicine, Elk Grove, California, USA

Description:

Faculty Positions (2), Assistant/Associate Professor rank depending on qualifications, Department of Basic Science, California Northstate University College of Medicine, Elk Grove, CA

Supervisor: Chair, Department of Basic Science

Effort: Full or Part-time, exempt, Salary Negotiable DOE, \$100-140,000.00/Yr.

Requirements: Ph.D. or MD

Goals and Objectives: The College of Medicine has openings for an Assistant/Associate Professor faculty member, a renewable non-tenured position, responsible for the medical education in pre-doctoral translational educational programs. CNUCOM has developed an innovative medical education program with vertical and horizontal integration. You will be joining a team of highly committed faculty responsible for the development, design, and implementation of all components of the medical education program using Course Learning Objectives and the College of Medicine adopted Program Learning Objectives. To ensure faculty success, professional development opportunities are available in pedagogy through the Institute of Teaching & Learning and scholarly research.

The responsibilities for these positions will include all of the following: serving the academic mission of the Department in teaching research to medical students, performing scholarly activities, and providing institutional service. In addition, the candidate will have the opportunity to perform data-driven enhancements of the electives.

Responsibilities:

- Teach and mentor first and second-year medical students
- Lead a systems-based course, as assigned
- Support student remediation planning and activities
- Design/deliver outstanding student experience, attending to all curriculum matters, as well as maintaining a learning environment that promotes mutual respect and professional behavior on the part of faculty, staff, and students
- Provide course schedules, syllabi, and information for the educational database, and submit student assessment/grades on time
- Participating in scholarly activities and/or research
- Participate in faculty development programs
- Serve on departmental and institutional committees
- Provide clinical service (negotiable, if applicable)

- Work with Dean and Accreditation team in all aspects of functions and activities, including, but not limited to, gathering & presenting data relevant to demonstration of compliance with accreditation standards
- Collate student and faculty research activities, publications, grants, and other research activities relevant to demonstrate student & faculty research of the accreditation standards
- Other duties as assigned

Qualifications:

- Terminal degree (PhD, or MD/PhD); Degree in Physiology or Immunology preferred
- Experience and documented accomplishments in mentoring/teaching medical students in physiology
- Experience in teaching in an integrated curriculum will be preferred
- Ability to work effectively in an interdisciplinary environment
- A history of exceptional scholarly, professional, and/or individual achievement

Qualities:

- Exceptional interpersonal communication skills
- Knowledge about design of adult learning and active learning educational experiences
- Commitment to professional excellence

Highlights:

California Northstate University College of Medicine (CNUCOM) is an allopathic medical education program approved by the Western Association of Schools and Colleges (WASC). The curriculum uses a horizontally- and vertically-integrated interdisciplinary clinical presentation approach. Clinical presentations (patients' chief complaints) are the framework within which basic and clinical science knowledge will be built. The integrated curriculum introduces the students to basic and clinical sciences for the first two years. In the third and fourth years, a community-based, clinical training model is being adopted.

Applications will be reviewed upon receipt. For full consideration, candidates should provide curriculum vitae with at least three references. All candidates are asked to provide a cover letter, articulating how their knowledge, experience, and beliefs have prepared them to function in support of California Northstate University's vision and mission statements. Please submit your cover letter, curriculum vitae, list of references, and any additional information to the HR Department hr@cnsu.edu. Review of applicants will begin immediately and will continue until positions are filled. Please title the subject line **COM Physiology/Immunology Faculty**.

Equal Opportunity Employer Statement

California Northstate University is committed to providing equal employment opportunities to all employees and applicants, regardless of protected characteristics such as race, color, religion, sex, national origin, age, disability, or veteran status.
