The Standardized Patient reports directly to the Medical Skills and Standardized Patient program coordinator. The major responsibility of this position is to portray all the characteristics of a real patient, simulating the signs/symptoms and behaviors. Standardized patients will often be physically examined by students and faculty as part of the medical students' learning experience. *These physical examinations include breasts, genitals, rectal, and pelvic exams.*

Duties and Responsibilities:

- Memorize case scripts detailing specific emotions, behaviors, and disease signs/symptoms for presentation during medical skills sessions.
- Improvise or ad lib in the event that a student asks about something not mentioned in the script.
- Be highly dependable and punctual.
- Provide constructive feedback to medical students about professionalism.
- Work in a professional manner when interacting with students, faculty, staff, and peers.
- Be comfortable with having repeated physical examinations performed on self.
 - Female: speculum/manual pelvic exam, breast exam
 - Male: hernia, genital exam, rectal/prostate exam
- Be willing to wear a hospital gown.
- Accept ongoing feedback from preceptors, course directors, and/or program coordinator.
- Other duties as assigned.

Job Requirements:

- 18+ years of age
- High school diploma or equivalent

This position may require specific physical attributes and/or characteristics designed to meet the role of the character being portrayed.

Minimum Qualifications:

- *Minimum 1 year acting experience (highly preferred, but not required)*
- Strong reading and writing skills
- Excellent interpersonal and communication skills

Please submit acting portfolio (*if applicable*) and resume to alicia.leija@cnsu.edu.
