Professional Identity Formation: Journey to a Sustainable Healthcare Professional

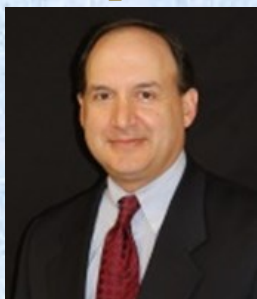

Upon completion of the presentation faculty will be able to:

- ⇒ Explain the concept of professional identity formation
- ⇒ Discuss its benefits to students, practitioners and patients.
- ⇒ Describe the development of student PIF as a method of attaining and retaining professional behaviors now and as a future practitioner.

Peter Tenerelli, PharmBS, PharmD, EMP

Department of Clinical and Administrative Sciences
Director, Center for the Advancement of Pharmacy Practice

Our Speaker

Dr. Tenerelli received his pharmacy degree from the University of Washington, School of Pharmacy in Seattle and received an EMP from the Wharton School of Business in Philadelphia, PA. He has an extensive community pharmacy business background, with positions in management and executive leadership, including Pharmacy Manager, District Manager, Director, Regional Vice President of Pharmacy Operations and Vice President of Strategy and Business Development.

Dr. Tenerelli is a course coordinator for Pharmacy Management and Pharmacoeconomics, and Advanced Pharmacy Management Techniques. He developed and teaches a longitudinal curriculum in Leadership and Professionalism where he introduces students to Professional Identity Formation (PIF)/Self-Determination theory and its benefits to their ability to “Think, Act and Feel” as a healthcare practitioner. He is the founder of the CNUCOP Capital Leadership Forum, which he facilitates and moderates. He is co-founder of the CNUCOP Management, Policy and Leadership Certificate program for PharmD students.

He is President of the Sacramento Valley Pharmacists Association, National Chair of the AACP-CPD Emergency Preparedness and Response Ad-hoc committee, and a member of the California Task Force for Advancing Pharmacy Practice. He is an advisor for numerous pharmacy student organizations including CAPSLEAD with a focus on the development of Leadership, Professionalism, Advocacy and Ethics. Dr. Tenerelli has contributed to the profession as an innovative pioneer in pharmacist immunizations, patient medication adherence, medication safety and software, emergency preparedness, advocacy efforts and reimbursement mechanisms for pharmacy services.
