An In-Person CE Event for Physicians, Pharmacists and Nurses

Beyond the Hype

Practical AI Skills Every Clinician Can Use Now

CE Info:

- 1.5 AMA PRA Category 1 Credits (TM) for Physicians
- 0.15 CPE Credits for Pharmacists
- Activity #: 0597-0000-26-006-L99-P
- 1.5 Contact Hours for Nurses

For one and one-half hours of live instruction

Activity type: Application

No registration fee. Lunch is provided.

Register here:

<https://forms.office.com/r/uKUSD6XN7H>

Learning Objectives

- Differentiate between established, evidence-supported AI applications and newer, emerging tools based on real-world clinical use and current limitations.
- Describe how clinicians are using AI tools today to support documentation, chart review, clinical decision-making, and patient communication, including benefits and known risks.
- Identify key ethical, legal, and privacy considerations essential to safe AI use, including data protection, transparency, bias, and maintaining patient trust.
- Apply lessons from real-world case examples to evaluate when and how AI can be used appropriately, with effective clinician oversight to maintain safety and quality of care.

Speakers

Ed Lee, MD, MPH

Chair of Clinical Education, Director of Clinical Informatics, Assistant Professor of Internal Medicine, College of Medicine, CNU

Linda Hargreaves, DNP, RN, CNS, CNE

BSN Simulation Center Director and Faculty Nursing Program, College of Health Sciences, CNU

California Northstate University, College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The California Northstate University, College of Medicine designates this Live Activity for a maximum of 1.5 AMA PRA Category 1 Credits (TM). Physicians should only claim credit commensurate with the extent of their participation in the activity. In accordance with the Accreditation Council for Continuing Medical Education's Standards for Commercial Support, all planners, teachers, and authors involved in the development of CME content are required to disclose to the accredited provider their relevant financial relationships. Relevant financial relationships will be disclosed to the activity audience.

California Northstate University, College of Pharmacy is accredited by the Accreditation Council of Pharmacy Education as a provider of continuing pharmacy education. California Northstate University, College of Pharmacy designates this activity for 0.15 CPE Credits. No partial Credit. In accordance with the Accreditation Council for Continuing Pharmacy Education Standards for Commercial Support, all planners, teachers, and authors involved in the development of CPE content are required to disclose to the accredited provider their relevant financial relationships. Relevant financial relationships will be disclosed to the activity audience.

California Northstate University, College of Health Sciences is approved by the California Board of Registered Nursing, Provider Number 17796, for one and one half (1.5) contact hours.

Beyond the Hype

Practical AI Skills Every Clinician Can Use Now

CE credit offered for Physicians, Pharmacists, and Nurses

Saturday, May 16, 2026 – 10:30AM Sign-In | 11:00AM to 12:30PM CE Training
12:30 -1:00PM Desert and Networking

Location: 9700 West Taron Drive, Elk Grove, CA 95757 – Room 277

Lunch is provided | No Registration Fee | Register here: <https://forms.office.com/r/uKUSD6XN7H>

Activity Type: Application (Live Lecture and Group Discussion)

Course Description

This 90-minute, in-person session features an interactive dialogue between two clinicians experienced in the practical use of artificial intelligence (AI) in healthcare. Using real-world examples, the discussion explores how AI is currently used to support documentation, clinical decision-making, and patient communication, while addressing benefits, limitations, and risks. The activity also examines key ethical, legal, and privacy considerations and highlights the importance of clinician oversight to support safe, effective, and patient-centered care.

Our Speakers

Ed Lee, MD, MPH, Chair of Clinical Education, Director of Clinical Informatics, Assistant Professor of Internal Medicine, College of Medicine, CNU

Ed Lee, MD, MPH is a board-certified internal medicine physician and nationally recognized leader in clinical informatics and ambient AI. He serves as Chair of Clinical Education and Director of Clinical Informatics at California Northstate University College of Medicine, where he leads the development of a technology-enabled medical curriculum focused on responsible use of digital tools and AI. Dr. Lee is also Chief Medical Officer at Nabla, guiding clinical strategy for an AI-powered ambient documentation platform that reduces administrative burden and improves clinician experience. Previously, he held executive leadership roles at Kaiser Permanente, leading large-scale digital transformation, AI governance, telehealth expansion, and EHR innovation.

Linda Hargreaves, DNP, RN, CNS, CNE, Simulation Center Director and Faculty, Nursing Program, College of Health Sciences, CNU

Linda Hargreaves, DNP, RN, CNS, CNE is a nationally certified nurse educator and Director of the Nursing Simulation Center at California Northstate University. With nearly 20 years of experience in clinical education, simulation-based learning, and academic leadership, she specializes in curriculum design, competency-based education, and workforce development. Dr. Hargreaves brings a practical, evidence-based approach to integrating artificial intelligence into healthcare education, focusing on improving efficiency, critical thinking, and clinical decision-making while maintaining ethical, patient-centered care. Her work bridges education, clinical practice, and emerging technologies to advance interdisciplinary healthcare training

Learning Objectives

- Differentiate between established, evidence-supported AI applications and newer, emerging tools based on real-world clinical use and current limitations.
- Describe how clinicians are using AI tools today to support documentation, chart review, clinical decision-making, and patient communication, including benefits and known risks.
- Identify key ethical, legal, and privacy considerations essential to safe AI use, including data protection, transparency, bias, and maintaining patient trust.
- Apply lessons from real-world case examples to evaluate when and how AI can be used appropriately, with effective clinician oversight to maintain safety and quality of care.

PROGRAM ITINERARY

Vocational Room

10:30 – 11:00 Sign in, networking and food service

Training Room

11:00 – 11:10 Welcome, Disclosures & Pre-Activity Survey(10 minutes)

11:10 – 12:00 Instruction __Speakers respond to queries designed to achieve the learning objectives (50 minutes)

12:00 – 12:10 Application exercise (10 minutes)

12:10 – 12:20 Post-activity Survey, review correct responses (10 minutes)

12:20 – 12:30 Course evaluation and Closing Remarks (10 minutes)

Vocational Room

1:00 – 1:30 Networking in the Vocational Room/Dessert and Coffee

CE Activity type: Application-based, one and one-half hours of live instruction. **No Partial Credit**

- 1.5 AMA PRA Category 1 TM Credits for Physicians. *The California Northstate University designates this Live Activity for a maximum of 1.5 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.*
- 0.15 CPE Credits for Pharmacists *Activity # 0597-0000-25-006-L99-P*
- 1.5 CE hours of instruction for Nurses

To earn CE credit:

- Attend the event and participate in group activity
- Complete the Pre-Activity Survey
- Complete the Post-Activity Survey
- Complete the Course Evaluation

Within 14 days, you will receive your CE information via email. If you have any questions or require additional assistance, contact CNU CE Programs Director, Joanna Jullien/joanna.Jullien@cnsu.edu /916-686-7891.
